The following action is in response to the amendment received March 31, 2005.

Allowable Subject Matter

Claims 1, 3, 4, 7, and 8 are allowed.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to show or render obvious a clutch gear as defined in claim 1, wherein the diameter of the boss part is shorter than that of the clutch gear and an end part of an effective portion of the spline comes out of an end surface of a part having the jaw teeth on the clutch gear, and wherein the axial length of the spline is longer than that of said jaw clutch teeth.

The cancellation of claims 5, 6, and 9-17 renders moot the rejections under 35 USC 112, first and second paragraphs, of these claims. Accordingly, the rejections based on 35 USC 112 are withdrawn.

The cancellation of claims 5, 6, and 14-17 also renders moot the rejections under 35 USC 102(b) set forth in the previous Office action. Accordingly, the rejections based on 35 USC 102(b) are withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
